The Hipster Hip Vacuum redefines cleaning with its lightweight design, patented noise suppression, and durable construction. Its innovative bag support plate maintains optimal airflow, delivering consistent suction power. Weighing in at just the right balance, the lightweight structure features a cushioned waist belt for maximum comfort, reducing fatigue during use. The Hipster is the ultimate choice for any cleaning task!

Why Pros Choose Hipster Hip Vacuum:

- ▶ **Dual-Bag System** Disposable heavy-duty paper micro-bag paired with a washable cloth shakeout bag for superior soil collection and cleaner exhaust air.
- ▶ **Consistent Suction Power** Innovative bag support plate prevents airflow depletion, ensuring maximum cleaning efficiency.
- ▶ **Quiet Operation** Patented noise-suppressing exhaust chamber makes it ideal for noise-sensitive environments.
- ▶ **Lightweight & Comfortable** Cushioned waist belt reduces fatigue during extended use.
- ▶ **Built for Durability** Unbreakable latches and a reinforced polyethylene frame provide maximum protection against heavy impact.

KEY FEATURES + BENEFITS

- Lightweight Design with Cushioned Waist Belt ensures comfort and reduces fatigue during extended cleaning sessions.
- Patented Noise Suppression Technology delivers a quieter cleaning experience without compromising performance.
- Innovative Bag Support Plate maintains optimal airflow for consistent suction power.
- The interchangeable door and lid allow for easy reconfiguration, making the hipster equally accessible for both left- and right-handed users.
